26 - 27 July 2010 | Melbourne Marriott Hotel

www.iir.com.au/readmissions

SPECIAL 10% DISCOUNT FOR OSTEOPOROSIS AUSTRALIA MEMBERS!

IIR's Reducing Hospital Readmissions & Discharge Planning Conference is a comprehensive two-day conference will provide practical advice for identifying, predicting and preventing unplanned readmissions.

Endorsed by the Discharge Planning Association, you will benefit from open and honest discussion, excellent networking opportunities and a chance to leverage knowledge from key case studies and experts in this field.

Covering topics including:

- Chronic disease management
- Preventing hospital readmissions of elderly patients
- Remote patient monitoring
- Measuring and analysing hospital readmissions
- Discharging patients in rural areas
- Medication management
- The role of GP's and Superclinics
- How e-Health records implementation will impact on hospital readmissions
- Plus, case studies and much more
